UNITED STATES OF AMERICA,

v.

GEORGE REID,

Defendant.

No. 12-cr-887 (RA)

ORDER

RONNIE ABRAMS, United States District Judge:

On August 3, 2020, the Court issued an Order attaching a letter from Defendant George Reid, dated July 15, 2020, which it construed as a motion for a sentence reduction pursuant to 18 U.S.C. § 3582(c)(1)(A), seeking compassionate release in light of COVID-19. Dkt. 43. Mr. Reid states in his letter that he “suffer[s] from [a]sthma and [is] prescribed two inhalers to maintain [his] everyday [a]ctivities.” The Court stated that to the extent that Mr. Reid would like the Court to consider any medical records regarding his asthma, he shall submit such records to the Court. It further directed Mr. Reid to advise the Court whether he has sought compassionate release from the BOP, and if so, when he made that request and whether he has received a response.

To date, the Court has not received a letter from Mr. Reid in response to its August 3, 2020 Order. On September 16, 2020, however, the Court received the attached two letters, dated July 15, 2020 and August 9, 2020. The letters appear to be virtually identical to the letter the Court previously received and attached to its August 3, 2020 Order. Accordingly, the Court hereby reminds Mr. Reid that he shall promptly file a letter in response to the Court’s August 3, 2020 Order. Such letter shall (1) provide copies of any medical records that Mr. Reid would like the

Court to consider regarding his asthma, and (2) advise the Court whether he has sought compassionate release from the BOP, and if so, when he made that request and whether he has received a response.

The Clerk of Court is respectfully directed to mail a copy of this letter to Mr. Reid.

SO ORDERED.

Greetings your honor, I'm writing to you in Lew of the Corona virus and it's threat to people with pre-existing respiratory illnesses. I suffer from Asthma and am prescribed 2 inhalers to maintain my everyday activities. One is called "Asmanex" in which I use to prevent an attack. It is a steroid type of powder. The second is called "Proair HFA". It is an "Albuterol Sulfate Inhalation Aerosol".

It is my understanding that under the Compassionate release Act going on with the Corona virus and at risk inmates housed in F.B.O.P. It is up to my Judge to determine if I can be released earlier than my already scheduled release date.

I Appreciate your decision and time for considering me during this dangerous time we are going through now, and hope you and your family are sheltered from this pandemic also.

Thank you
